permobil

Battery status and travel range estimates help you know how far you can go

Integrated map illustrates daily and historic travel behavior

MyPermobil

MyPermobil connectivity is an available option on all new M-Series models.*

More adventure

The Permobil® battery and VoltPro charger work together to provide you with up to 25% greater driving distance, reduced charging times, and longer battery life. Use the MyPermobil app to get even more from every adventure with seat activity tracking, battery range estimates, and an integrated map.

Driving range
up to 20 miles

More freedom

Corpus®, our most capable power wheelchair seating system, now provides you with even more positioning options. Enhanced stability on the M-Series enables you to optimize your repositioning, functional reach, and power drive positions for even greater freedom of movement.

Full suspension at any elevation, seat position, or drive speed

Reach for more

ActiveHeight™ and ActiveReach™ combine seamlessly to give you the ultimate advantage in accessing your environment. Seat elevation with integrated forward tilt creates the most innovative, functional, and stable seating solution on the market today.

	M3	M5	MVS
↑ ActiveHeight	12"	14"	12"
↶ ActiveReach	20°	20°	Standing

10° of no charge ActiveReach with ActiveHeight

Conquer more

FlexLink™ and FlexLink Pro™ suspension balances stability, traction, and ride comfort for optimal performance and advanced vibration reduction. DualLink suspension on the new M Corpus VS optimizes stability in standing without sacrificing active suspension in any position. The result is an unbeatable stand and drive experience. Factory optimized and adjustable suspension adapts to your needs and environment. Be ready to handle any adventure with high-powered LED lights to guide your way.

enhanced visibility

M3 Corpus

Meticulously engineered to help you maintain better positioning, feel more secure, and reduce driving fatigue so you can conquer daily activities with ease. Its compact base offers maneuverability in tight spaces without sacrificing performance. Featuring the innovative FlexLink suspension geometry with independent caster swing-arms helping to keep you stable and in control as you traverse the obstacles in your world.

M5 Corpus

Take control with high-performance motors enabling a top speed of 7.5 mph and exceptional low-end torque that lets you pivot like a pro. Experience unsurpassed stability and ride comfort with FlexLink Pro independent drive wheel suspension. The M5 Corpus will take you to new heights with increased stability and full suspension even in 14" of seat elevation.

M Corpus VS

The new M Corpus VS brings best-in-class power standing to the maneuverability of a mid-wheel drive base. Fully programmable standing sequences allow for user position to be optimized using supine, semi-reclined, or sit-to-stand techniques. DualLink suspension balances stability, traction, and ride comfort for a smooth power stand and drive experience at home or on the go.

Swing-away knee supports

The new swing-away knee support, for use on Corpus VS legrests, are 75% lighter than the single-post design and offer support through the ActiveReach and standing sequences. Thanks to convenient on-chair storage along the chair rail, they are easy for end users to add or remove as needed.

BodiLink on Corpus

Specially designed for the Corpus seating system, BodiLink accessories feature best-in-class hardware. Offering true anatomical support with the highest level of adjustability and comfort to meet your individual positioning needs.
