The APEX Mobility Product Range

The APEX Mobility team continually research new products and global innovation, which is why we can provide the very best assistive technology equipment available in the Australian market today. Before any products are added to the APEX Mobility range, they are tested and trialled to make sure they meet all functional and quality requirements, plus regulatory standards for safety.

Products featured in this brochure are part of our dynamic range of quality assistive technology equipment. Most of these products are scripted/prescribed, which means they are customised to suit the specific needs of individual clients.

The Ultimate Multi-purpose Outdoor Stroller

Are you ready to spend time with loved ones and actively expand their options and your social life? This is now possible using the European design and constructed **xRover**.

xRover is a multi-functional medical stroller that transports people with limited mobility in safety and comfort. **xRover** is equipped with many features that make it ideal for most terrains from city streets to outdoor activities including jogging, hiking adventures and visits to the beach. **xRover** can also be adapted for use as a bike trailer and ski buggy so the whole family can enjoy outdoor fun together.

xRover has a strong frame yet it is light and very easy to operate. With three sizes to choose from, **xRover** is ideal for people with limited mobility from childhood to adult. It is a certified medical stroller, registered with the TGA, and complies with requirements of AS EN 1212:2015 for users up to 120kg.

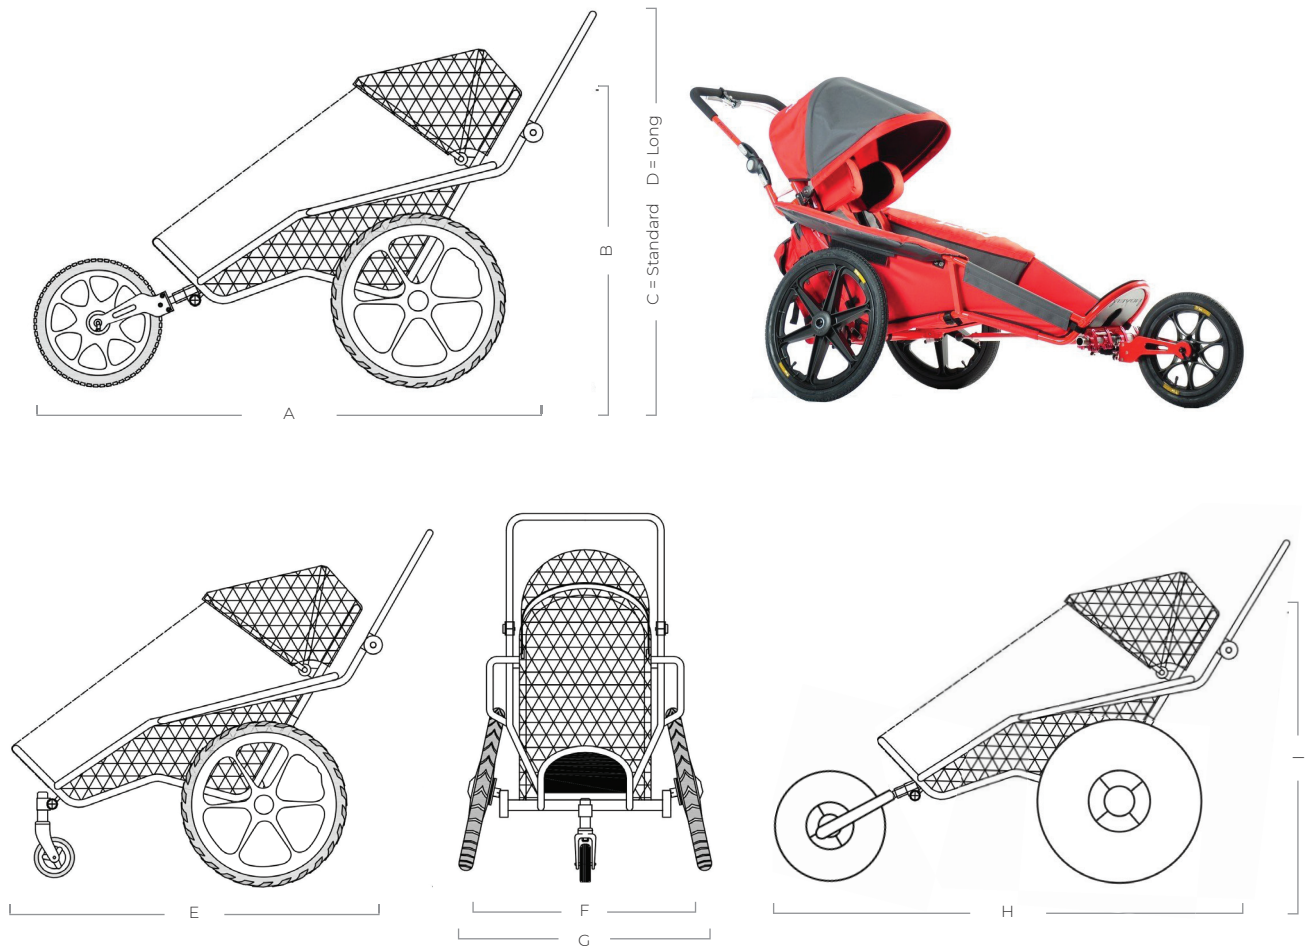

xRover Specifications

Standard Wheel Configuration: Front wheel = 14" Jogging. Rear wheel = 20".

Wheel Options

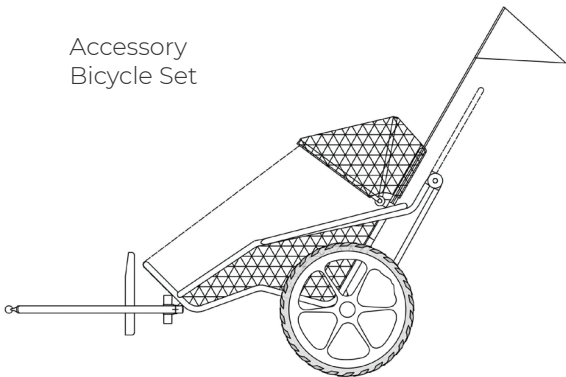

Standard = 14" jogging wheel (front)
20" mag wheel (rear)

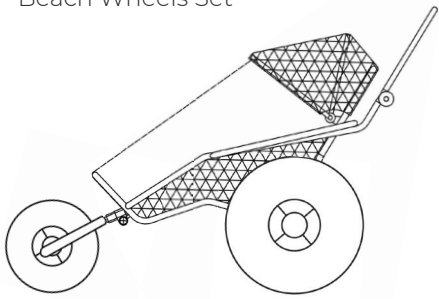

Accessory
6" swivel wheel (front)

Accessory
Bicycle Set

Accessory
Beach Wheels Set

Front Options	Rear Options
 Front Wheel 6" Swivel	 Rear Wheels 20" Spoke
 Front Wheel 14" Spoke Jogging Set	 Rear Wheels 20" Mag Style (Standard Configuration)
 Front Wheel 14" (Mag-style) Jogging Set (Standard Configuration)	
 Bicycle Set	
 Front Wheel 12" Balloon	 Rear Wheels 19" Balloon
FAST RELEASE WHEELS: All wheel options are quick-release, and feature the same style of axle. The Beach Wheels (Balloon Tyres) are ultra-high quality.	

With optional beach wheels set

The Beach Set is designed to maintain safe positioning and elevation of the buggy. Low tyre pressure ensures comfort and ease of use on sand. All components are corrosion resistant. Tyres are made of high impact and abrasion resistant plastic, and the wheel forks and axles are made of high-quality salt-water resistant stainless steel. The Beach Set fits all **xRover** sizes.

With Bicycle Set (bike trailer)

Use the Bicycle Set attachment to use your **xRover** as a bike trailer. Ideal for holidays or short journeys into town.
